ENCePP website update

ENCePP plenary 30 Nov 2022

Presented by Andrej Segec
EMA TDA-DAT

An agency of the European Union

Background

- Website built ~10 years ago with custom Java technology
- EMA moving away from legacy platforms (maintenance, support withdrawn, etc.)
- Currently EMA website is being rebuilt, with integration of EU-PAS register and the resource database with other medicines information
- Budget available for updating the ENCePP website accordingly
- Contractor available (TBC dates in 2023/24) for delivering this update
- Planning meeting with SG members in May 2022 and at Sep 2022 SG: update supported

Proposal and options

- Using EWPP - Europa Web Publishing Platform (EC, agencies), based on the modular Europa Component Library
- Modern and engaging layout for better user experience
- Simple and inexpensive solution with longevity for support
- Online security - hosted by EC's DIGIT
- Modular and colour-wise customisation possible – ENCePP branding maintained
- www.encepp.eu address to be maintained
- Preserve the existing content of the ENCePP website – Methodological guide, CoC, mandate, meeting documents, etc.
- Website structure and content can also be reviewed and amended, retiring unused sections (optional)
- WG2 offered input into delivery of the new website (thanks!)

Visuals of the new website

- Please note these are draft and work in progress
- excuse typos
- do not share beyond this presentation
